Integration Package

If you activate version 4 of each eDocument interface for Mexico, you must upgrade to **version 1.0.30 of the integration package SAP Document and Reporting Compliance: Electronic Documents for Mexico** or a higher one.

If you use custom integration flows, you must adjust them so that they support the new eDocument interface version.

> The way certain features and functions work in your SAP S/4HANA Cloud system can depend on the countries/regions and the selected scope activated in your system, as well as the country/region availability of this scope. You can check the availability matrix under https://support.sap.com/ content/dam/SAAP/Sol_Pack/Library/General/Availability_Dependencies_EN_XX.xlsx for details. As the country/region availability can change with the next upgrade, please check the availability matrix for scope items of interest to you after the next upgrade.
